Speed, simplicity and advanced imaging for workgroup applications

Slender, functional and surprisingly affordable, the Avision IS1000 completes any creative environment. At just 40 mm thick, the extraordinarily slim IS1000 is the obvious choice for an uncluttered desk. Despite its diminutive size, the Avision IS1000 is big on resolution. Whether you are scanning documents or photos, the 1200 x 1200dpi and 48-bits color depth specification accurately reproduces every fine detail and subtle shade. Your pin sharp results will be suitable for enlargements and post-scan image editing.

Scan-to-Flash

Without complex setting, the Avision IS1000 allows you to save your scanned image to a removable USB flash drive through the additional USB port.

other destination applications such as e-mail, printer, or your favorable software application. The original step-by-step procedure is replaced with only a single touch of the button.

PaperPort 11SE

- The Professional Choice to Organize and Share Your Documents

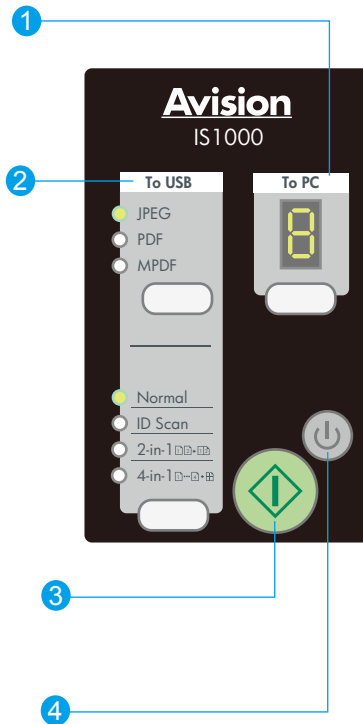

The PaperPort 11SE main screen

PaperPort 11SE provides the easiest way to turn paper into organized digital documents that everybody in an office can quickly find and use. PaperPort 11SE works with scanners, multifunction printers, and networked digital copiers to turn paper documents into digital documents. It then helps you to manage them along with all other electronic documents in one convenient and easy-to-use filing system.

The Control Panel

With an easy-to-use control panel, the device allows you to make scanning a breeze.

1 Scan To PC

The intelligent button design on the IntelliScan IS1000 allows you to pre-configure up to 9 profiles with different file formats and destinations.

2 Scan To USB

Without connecting to a computer, the IS1000 is able to scan to a flash drive, leveraging the usage convenience. You can select file formats such as JPEG, PDF, and MPDF (multiple pages). The 2 to 1 and 4 to 1 paper saving modes are considerably developed for you, and the card scanning modes are also designed for more convenience.

3 Start

Gently press the Start button to begin scanning documents.

4 Power
